Do you have something about your skin that you'd like to improve? Are age spots, unwanted hairs, tattoos, acne, spider veins or wrinkles affecting your self-image or lifestyle?

Lakewood Aesthetics now offers state-of-the-art, Laser and Intense Pulse Light (IPL) therapy treatments for men and women of all ages. Our non-surgical cosmetic, skin rejuvenation, and aging prevention procedures are applied with your comfort and safety as our top priority.

From the simpler treatments like MicroDermabrasion to the more complex light based treatment options such as facial rejuvenation our goal is to treat your situation uniquely, and with the most effective and appropriate technology.

Founded by husband & wife medical team of Michael Castro, M.D., and Monina Distor-Castro, R.N., M.S.N., Lakewood Aesthetics is a successful, results-oriented practice located inside the Lakewood Primary Care medical offices.

Call to schedule your FREE consultation and skin analysis – with absolutely no obligation. Get started today!
